“School Age Stuttering Therapy: What do we All need?”

March 3, 2017

8:00-8:30 Sign in and Business meeting

8:30-3:15 P.M.

First Presbyterian Church

• 805 Western Avenue •

Joliet, IL 60435

Description:

Focus of presentation:

How do we “do therapy with school age children who stutter?” We must seek to increase our knowledge, refine our skills and most importantly, understand the perspectives of the children who stutter and their families. This interactive workshop looks at the “whole child”, and provides information for everyone involved in the process of creating successful outcomes for school age children who stutter. Video vignettes, role-plays, and Q&A will be utilized to enhance information presented.

Learning Objectives:

As a result of participating in this activity, learners will be able to:

1. Analyze affective, cognitive and speech assessment procedures.
2. Synthesize the use of various stuttering therapy techniques.
3. Integrate parents and teachers into the process of stuttering therapy
